Connect Phantom Wallet • Upload Photo • Mint Your Permanent NFT ID Card

Powered by Solana Blockchain • Metaplex NFT Standard • Phantom Wallet Compatible • Tamper-Proof & Globally Verifiable

Every Member Receives a Permanent Digital Identity

That Can Never Be Deleted or Forged

The CJP NFT ID Card is a blockchain-verified digital membership that gives you a permanent, hack-proof, and globally verifiable identity on the Solana blockchain — for only \$2.

This card lives forever in your Phantom Wallet — your permanent proof of membership.

Why You Should Get Your CJP NFT ID

- **Hack-Proof & Tamper-Proof**

Impossible to fake or alter

- **Global Verification**

Verify anywhere with just your wallet

- **Permanent On-Chain Record**

Can never be deleted

- **Only \$2 One-Time**

Lifetime membership at chai price

Benefits of the CJP NFT ID Card

Every member receives a permanent digital identity that can never be erased

1 Blockchain Identity

1

Your ID is permanently stored on the Solana blockchain. No one can delete, fake, or manipulate it. 100% tamper-proof and fully decentralized.

2 Global Verification

2

Anyone, anywhere in the world can verify your membership card using only your wallet address. No documents required.

3 Digital Collectible NFT

3

Your ID is a real NFT that you can keep, sell, or transfer. A unique digital asset on Solana that represents your membership.

4 Instant Online Access

4

Visit the website, connect your wallet, and your ID card appears instantly. No login, no password — just your wallet.

5 Admin-Verified Badge

5

Every ID card is approved by the admin. You receive a verified member badge proving you are an authentic CJP member.

6 Sell & Transfer Freedom

6

You can sell or gift your membership NFT to others. Transfer happens in one click via Phantom Wallet (subject to admin policy).

7 Personalized Photo Card

7

Upload your real photo and your NFT ID card becomes a professional photo ID card — uniquely yours.

8 Unique Member Number

8

Every member gets a unique ID starting from CJP-00001. Early registrants receive the lowest numbers — a status symbol!

All these features are included in a single one-time payment of only **\$2** — valid for a lifetime.

THE PROBLEM

Traditional party and community membership systems face serious challenges:

- Paper cards are easily forged, lost, or damaged
- Centralized databases are vulnerable to manipulation and single points of failure
- High administrative costs and overhead for managing members
- No portable proof of membership that travels with the member
- Lack of transparency — members cannot independently verify their status

THE SOLUTION: CJP NFT MEMBERSHIP ID

We use Solana's high speed, low fees, and mature NFT infrastructure (Metaplex) to deliver a public, immutable, and low-cost membership system that anyone can trust.

Core Value: Real membership + digital collectible + verifiable proof of belonging at the price of a cup of tea — only **\$2** one-time fee.

Why CJP NFT ID Stands Out

- Transparent on-chain registry powered by Anchor on Solana Mainnet
- Admin-verified approval workflow with photo + details verification
- Portable digital identity card that lives permanently in your Phantom Wallet
- Transferable ownership of membership rights (with admin oversight)
- Extremely low barrier: Only \$2 — accessible to everyone
- Designed for grassroots movements that need trust and scale

Key Features of the CJP NFT Membership System

- **Unique Sequential IDs**
Members receive IDs in sequence: CJP-00001, CJP-00002, and so on. Issued on-chain via a global counter.
- **On-Chain Member Records**
Each wallet has one MemberAccount PDA: Member ID, profile, status, NFT mint, timestamps, and referrer.
- **NFT-Backed Digital ID Card**
Upon admin approval, a Metaplex NFT is minted with your photo, attributes, and official CJP branding.
- **Simple 4-Step Flow**
Connect Phantom → Submit details + photo → Pay \$2 → Admin approves → NFT minted to your wallet.
- **Full Ownership & Transferability**
You own your NFT. Sell or gift it. The new owner inherits membership rights (per admin policy).
- **Complete Transparency**
Registry, members, and NFT ownership are inspectable on Solana via Solscan and other explorers.

Technical Stack

Solana Mainnet • Anchor Framework • Metaplex Token Metadata (pNFT) • Phantom Wallet

Program ID: 8ULwaRiqm9UGVNPgudEi2GnmVMohfRg2Aqzbtn7ghJU1

CJP 3-Level Referral Program

Earn up to 12% commission — paid automatically on Solana

Every **Active** member's referral code is their Membership ID (e.g. **CJP-00001**). When someone registers with your code, commissions split in the **same blockchain transaction** — no manual payouts.

Level	Relationship	Share	Per \$2 Fee
L1	Direct referral	12%	\$0.24
L2	Indirect (L1's referrer)	7%	\$0.14
L3	Indirect (L2's referrer)	3%	\$0.06
Treasury	Protocol remainder	78%	\$1.56

Total referral payout: **22%** (12% + 7% + 3%). Remaining **78%** goes to treasury. Missing upline levels keep their share in treasury. Self-referral and invalid codes are rejected.

Level Definitions

L1 (12%): Active member whose code was used at registration.

L2 (7%): The member who originally referred the L1 member.

L3 (3%): The member who referred the L2 member.

Rollout Status — June 2026

Membership registration is **live today**. Referral codes can be shared now.

Automatic commission payouts activate after the on-chain program upgrade.

Only \$2 USD — One-Time Payment for Lifetime Access

Flat Membership Fee: \$2.00 USD (non-refundable) — covers everything

Fee Breakdown (All-Inclusive)

NFT Minting Fee (Metaplex programmable NFT)	~0.08 SOL
Network Fees (PDA rent, metadata, ATA operations)	~0.09 SOL
On-chain Registration Fee (to Treasury)	~0.014 SOL
TOTAL COST TO USER	\$2.00 USD (~166)

Why This Pricing?

- Extremely low barrier — similar to buying a SIM card or newspaper
- Sustainable for the treasury (covers costs + small surplus for operations)
- Fair psychological price point that feels serious yet accessible to everyone
- Future adjustments possible through program upgrades while keeping the public price stable

DEVELOPMENT ROADMAP

Phase 1 — Foundation: On-chain registry, admin mint flow, membership portal (Current)

Phase 2 — Referral Upgrade: 3-level on-chain commissions (12% / 7% / 3%), member migration

Phase 3 — Polish & Scale: Decentralized photo storage, public member explorer, self-serve mint

Phase 4 — Ecosystem: Governance, merch integration, mobile app, special edition cards

How to Register Using Phantom Wallet

Follow these steps on your phone or computer — no technical knowledge required

1 Step 1 — Open Phantom & Sign In

Install Phantom from phantom.app (mobile) or the Chrome/Brave extension (desktop). Create a new wallet or import your existing one. Unlock with your password or fingerprint.

2 Step 2 — Open Phantom Browser

On **mobile**: tap the **Browser** icon (compass / globe) at the bottom of the app. On **desktop**: click the Phantom extension icon in your browser toolbar.

3 Step 3 — Paste the CJP Website URL

In the browser address bar, paste: <https://cockroachjantapartyid.com> and press Go. The CJP Membership site will load inside Phantom.

4 Step 4 — Connect Your Wallet

Tap "**Connect Wallet**" (top-right on the site). Select **Phantom** and approve the connection — this links your wallet to the site. No payment is taken at this step.

5 Step 5 — Fill the Registration Form

Open the **Register** tab. Enter your name, date of birth, gender, mobile, email, state, district, area, and PIN code. Upload a clear photo of yourself. Referral code is optional.

6 Step 6 — Submit & Pay \$2 with Phantom

Tap "**Submit & Pay with Phantom**". Phantom will show a transaction (~0.014 SOL, ≈ \$2 registration fee to CJP treasury). Review and tap **Approve**.

7 Step 7 — Wait for Admin Approval

Your status becomes **Pending**. Your Member ID (e.g. CJP-00003) is reserved on-chain. CJP admin reviews your details — usually within 24–48 hours.

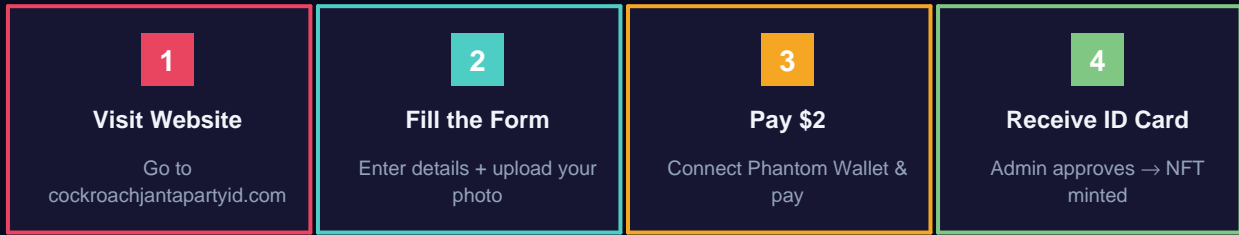

8 Step 8 — Receive Your NFT ID Card

After approval, open the **My Card** tab on the website or check **Collectibles** in Phantom. Your permanent CJP membership NFT is now in your wallet forever.

Important Tips

- Keep a small amount of extra SOL (~0.02) for network fees beyond the \$2 registration.
- Use **Solana Mainnet** in Phantom — not Devnet or Testnet.
- Never share your seed phrase or private key with anyone — CJP will never ask for it.
